

IIIT Bhubaneswar

The background of the entire image is a detailed illustration of Hogwarts castle at night. The castle is illuminated with warm yellow lights from its windows, contrasting with the deep blue and black night sky. A large, bright full moon hangs in the upper left, partially obscured by dark, leafless tree branches. Mist or smoke drifts across the bottom of the scene, and a body of water reflects the castle and the moon. The overall atmosphere is magical and mysterious.

ABOUT Advaita

“Twelve years ago, the sole idea of organizing a techno-cultural festival was conceived. It was named “ADVAITA”, meaning “non-duality”, which was the intention, to fuse both technology and culture into one.

Nine years have seen a mercurial rise in the fest, expanding and establishing itself as one of the biggest and most anticipated events in the state of Odisha.

Every year, ADVAITA reaches new heights. The standard of the events is always top-notch, which reflects the magnanimous participation strength every year. With eminent celebrities attending our events and attracting a huge crowd, ADVAITA always aims for the best.”
